» WICTEC Bullet resistant curtain wall system

For personal security and building protection, you need fenestrations solutions that all provide the same level of security in a holistic and compatible way. With WICONA, each of our products, from curtain walls to windows and doors, all provide bullet resistance, in combination with other additional functionalities.

The requirements for bullet resistance are achieved with WICTEC curtain wall series, simply by introducing special aluminium plates within the standard construction.

System test results / CE product pass in accordance with DIN EN 13830

See classification of the respective WICTEC curtain wall series.
